H-1 PM Contraflow Lane Project/Viaduct Rebuild Project (DOT)

Freeway Pothole Repairs (DOT)

Pearl City & Waimalu Viaduct Improvements

Airport Viaduct Improvements

Halawa Stream Bridge Project: New structure opened on Dec 16, 2009. Removal of the detour road and other construction items is anticipated Apr 2010. Completion of landscaping enhancements is anticipated Apr 2011.

Moanalua Rd Freeway On-Ramp Lane Extension: Project extended an existing freeway onramp lane utilizing a paved shoulder to increase the storage of the lane. This resulted in more efficient operation of Moanalua Rd. New lane opened in Mar 2009.

Moanalua Rd Extension (Kuahaka Extension to Kuala): Extension will connect Kuala Rd to Kuahaka St using an old cane haul road that formerly connected to Moanalua Rd. Project would relieve congestion and provide increased efficiency to the surrounding street system including Waimano Home Rd. Project NTP was given in Dec 2009 and the anticipated completion date is Jan 2011.
